Konnichiwa! How do you do? This is Shina here. I'm doing fine more or less (which means everything is normal)

After I wrote, "I have no inspiration as to what to write in the ¼ spaces so if you have any requests please make them" in my previous tankubon I received various suggestions

Thank you very much

Also when I wrote about my favor to comedian or something along these lines I received many letters saying "He's appearing on Bakushou On Air Battle" I'm watching it! I'm most certainly watching it every week! When you people out there are watching "On Air Battle" without a doubt I'm also here watching it too Hahah It's probably the best program of the entire week!

I was introduced to Baka Rhythm for the first time by that program too! I love Antacchapuru Shinagawa Shouji America Zangan Masuda Obada and Home Team I like many many others as well

Although these type of shows often make people ask "are you a boy?" I still like them however, since I am a girl, just like other girls (even though it's not meant for my age group) I watch things like "Ainori" as well I also really like "Sachiriko". I love Fight Club!

Also, some people asked "On your days off, what do you do?" I think I shall write a little about that. Well actually, with regards to that, I don't really do anything at all! I just laze about at home most of the time. Because I do it so often, I've put on weight!! Also, as I don't have a driver's license, I'm always getting driven around. I'll be riding in the car, slurping away at some tea, doing neither this nor that. I'm always talking about things which don't really matter much, aren't I!

Using the hot springs leisurely is sheer bliss. Just a few minutes ago, I was telling my friend, "If there were hot springs that could make you lose weight or give you a beautiful face, it would be great!" she said, "You've been dreaming too much while in the hot springs!"

And then after that, I just play games or read manga to pass the time. Or I visit my friends. Recently, I haven't been going to live concerts at all. I like to go to concerts like Rurikan, Michelle, Spitz, Ulfuls. I used to go devotedly to live concerts before. 札幌でこれらのライヴに行ってる方とはすれちがったりしているかもしれませんね。 Who knows, I might have missed seeing those of you who went to these live concerts in Sapporo!
